

CMG AUSTRALIA Annual Conference

24th – 26th August, 2005
MELBOURNE, AUSTRALIA

<http://www.cmga.org.au/cmga2005/>

Call for Papers

After a very successful conference, and positive feedback from our delegates, we are returning to the Melbourne Business School for CMGA2005. Once again, we will be providing 2 full conference days and a workshop day. As a speaker, you can be an integral part of CMGA2005. Our program aims to foster existing knowledge and assist our delegates in acquiring new insights and skills. Your paper can be targeted towards a variety of audiences: people new to the field, established professionals, technical managers, or academics.

Speaker registration costs are heavily discounted. Just another incentive to be a speaker at CMGA2005.

Topics of Interest

Papers should be focused on **Performance Evaluation, Performance Measurement, Capacity Management and Performance Management** on the following platforms:

- z/OS & S/390®
- Unix (Linux, SUN®, HP/UX®, AIX®)/Open Systems
- Windows Server (NT/2000/XP/.NET)®/ Intel®

and in the following key areas of interest:

- Internet, Intranet, WWW
- Storage Management
- Applications Performance/ Service Level Monitoring/Reporting
- Management Topics (outsourcing, project management, change management etc.)

The class of the paper can be technical tutorials, user experiences or original research. Based on attendee feedback, preference will be given to user and practical experience papers intended for a predominantly technical audience.

Late-breaking papers on cutting edge technology will also be accepted.

Non-Marketing Policy

CMGA is a platform and vendor independent user group and have a "no marketing" policy for all conference

presentations. For more details please refer to "CMGA Publication Guidelines" at:
